

STELLAR JOCKEYS NOVEMBER NEWSLETTER

Welcome to the Stellar Jockeys November Newsletter. Each month you will get news and updates on our projects, as well as a round up of community submissions.

Benjamin, Stellar Jockeys

Next track by MAVS: "Annihilation"

Following on from our September newsletter, Makeup And Vanity Set has a new track ready for *Brigador Killers*.

Lore Alert: Welcome to Mar Nosso

We are continuing to process and service your request. The following materials ("SNC Recruitment Materials, Excerpt A") have been audited, revised, and approved for release:

Often called "The Jewel of the Outer Colonies," Mar Nosso is one of the youngest Outer Colonies, and also the most thriving! Thanks to the generous

decision of the Solo Nobre Concern to establish their headquarters here, Nossians enjoy an unrivalled selection of food, innovative consumer electronics, and exotic entertainment from across the Colonies!

"The SNC prides itself on an unrivalled work-life balance," says recent SNC acquisition Ennio Parkreiner. "We have hot meals catered to almost any work zone in Mar Nosso, and the ocean views from nearly any office are divine!"

Of particular interest to the culture-minded traveller is the SNC Entertainment District, a massive complex of film production, management, and consumption that enables the Concern to dominate Outer Colony pop culture. Authorized individuals should take the opportunity to tour the public-facing areas -- you never know whether you might see a vid star.. or even a Brigador on a cameo!

We trust this meets your standards.

What We're Up To

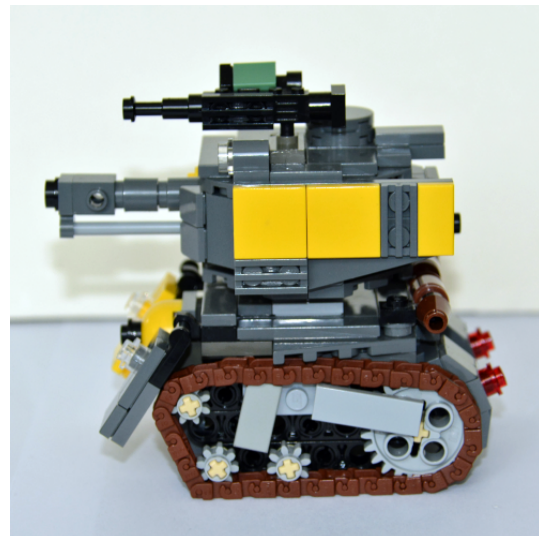

We've been fairly quiet lately as Karl, Hugh, artist Simon Roy and Matthew Pusti (AKA Makeup And Vanity Set) all went down to visit Jack in Texas for the traditional Stellar Jockeys pre-Thanksgiving meeting of minds. The

annual Texas meet is a good chance for us to brainstorm ideas for Brigador Killers before the holiday season whizzes past in a blur. Please enjoy this photo of everyone looking very serious and businesslike.

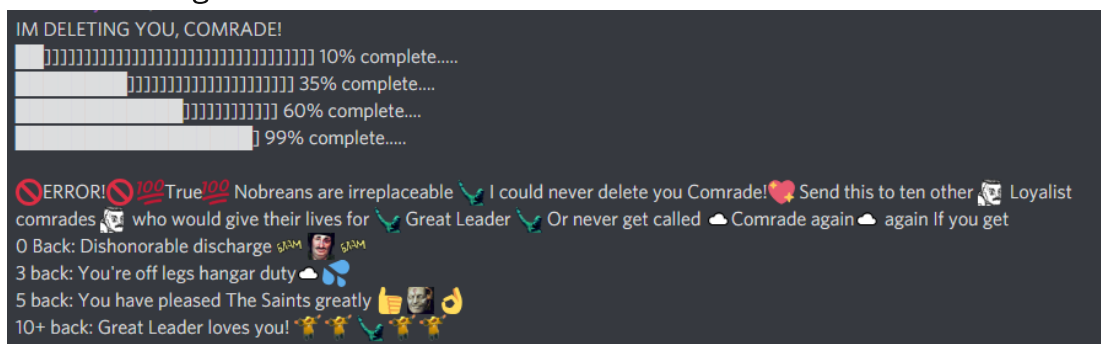

Community Spotlight

After a short hiatus, Skybriggs on our Discord has returned with a LEGO Betushka photoshoot. You can view a gallery of [more images here](#).

Over in one of our faction channels, Futuredays flexed their writing muscles and came up with a loyalist-themed spam message one might see in the Brigador universe.

Feel free to browse all of the above and more by checking out our [#becks_best](#) channel on our Discord server.

Next Month

In December we hope to have something *quite* special for you, updates on what we're doing, along with another batch of community creations.
