Brigador Killers: Debug Panel Additions

One of the things we're most proud of is our modding community. Not only did modding vastly increase the shelf life of Brigador, but also many modders contributed directly to the game. One of the modders' main tools, the debug panel, is getting some new features for Brigador Killers, which is detailed in this month's post.

Community Spotlight

This month's selection is spacer themed with Zi showing off their finished Prism-kun (click to see a bigger version in your browser)...

model: PRISM v.4
artisan custom vidstar platform

armament:
- 4x MICRO
- HORNET 9x19 CASELESS
SUBMACHINE GUN
- 1x HEAVY
- BLACK HAND TYPE-CTF

...Prism-kun's adventures didn't end there - with Zi also sketching out an encounter with self-named spacer fanboy *Octavarious SemiColon*, styled after the famous Watchmen panel.

Meanwhile, Juntti riffed on an ABC drama TV series with "I Am Spacer

Posting"...

...while Aniviron knows what you were up to...

...and just when you think he's gone, Juntti returned to give us a Kroenig version of the Zelda CD-i character King Harkinian (which has since become a sticker for our discord server).

If you would like to see more such posts, please head on over to the #becks_best channel of our discord server.
