Community Spotlight

The Discord server remains bustling and there's been a handful of additions to our dedicated fanworks channel. **Jellybeans** celebrated their first appearance in #becks_best with their Garry's Mod port of the Buckmaster...

...Lowkek and Space Bones reached the same conclusion...

...and Bennet flexed their modeling muscles once again in memory of Bader from Brad Buckmaster's Brigador novel adaptation.

More posts that can't easily fit into a newsletter can of course be seen in the Discord server.
