BK Dev: Our plans for Early Access

Over on Steam is a long read about our plans for **Early Access on Thursday August 20th 2026**. It contains details about pricing, bundles, a little bit about the changes made between the demo and the EA build, along with a technical breakdown about the overhaul to enemy behavior in Brigador Killers.

BK OST - True Believer

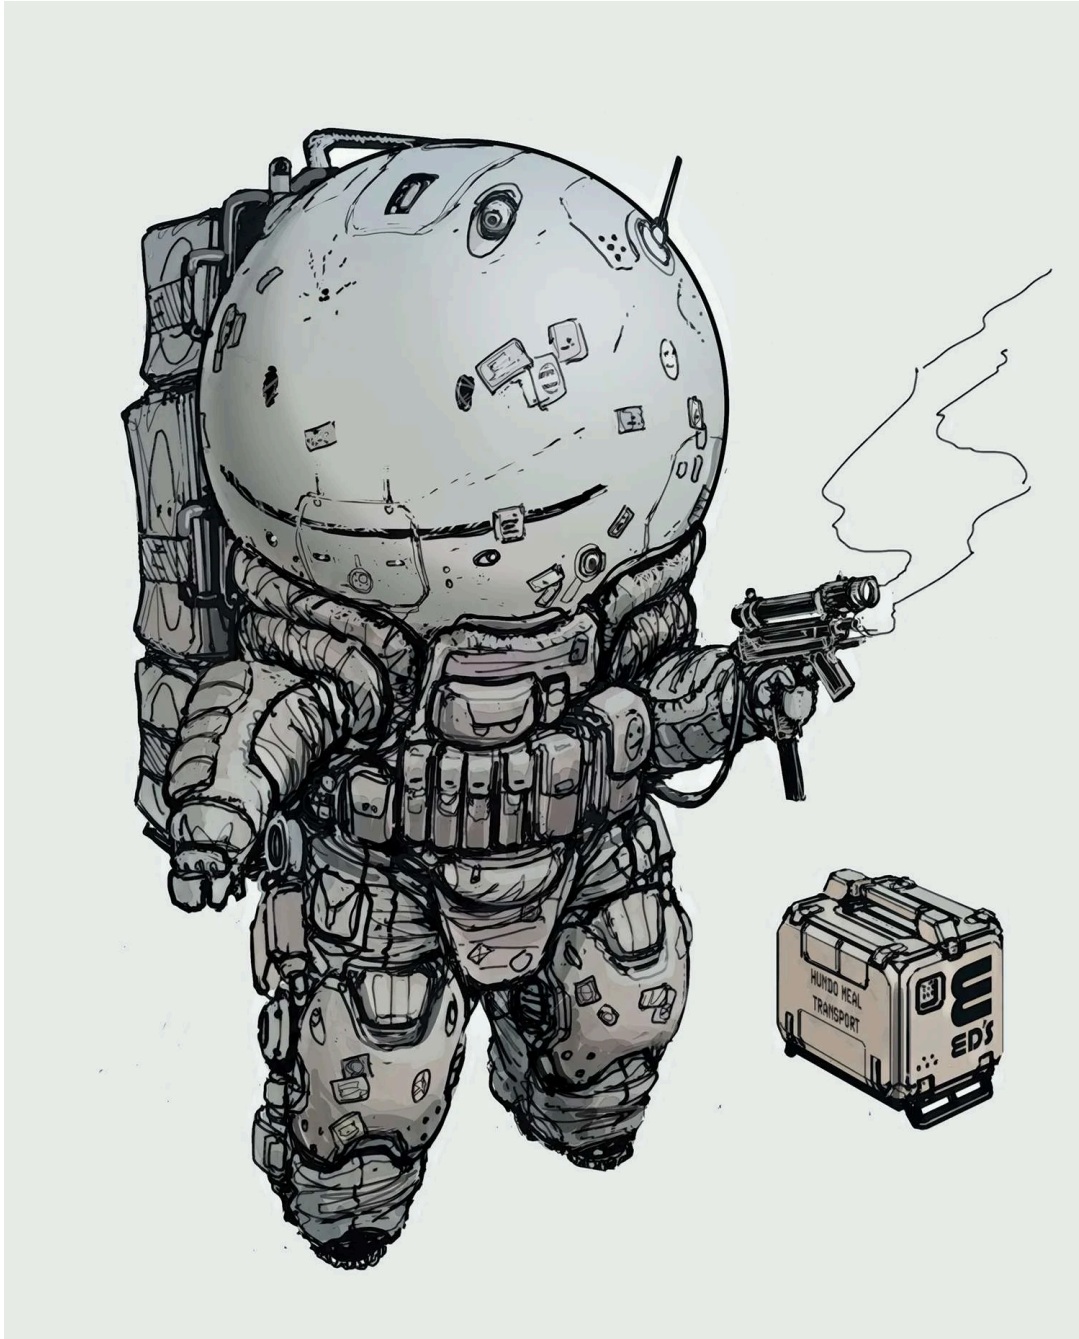

July's Makeup and Vanity Set track from the Brigador Killers OST is "True Believer", which is used in both the recent early access date reveal trailer and heard when playing the Vandenberg level.

Community Spotlight

Typical for the summer is #becks_best gets a bit quiet. This didn't stop **Lowkek** from making pixel art renditions of various guns from Brigador Killers...

...and **Flyingdebris** got distracted by the notion of the placeholder ball mongoose eventually becoming a suit for the Chobber faction.

As always, the #becks_best channel is a fantastic gallery of fan works going back nearly eight years, so have a browse.
